

SPECTRA™ WRIST

The Spectra wrist brace is designed to immobilize the wrist at a neutral angle. Its single-pull lacing closure makes it easier to apply than a conventional wrist brace, meeting the needs of patients with arthritis and other hand dexterity issues.

- Wicking liner moves moisture away from the skin for increased comfort

- 1 Single-pull lace closure enables easy application
- 2 Adjustable webspace strap allows size adjustment for increased comfort
- 3 Removable/adjustable palmar stay provides adjustability of immobilization angle
- 4 Suede soft good material is durable and breathable

INDICATIONS

- Mild to moderate sprains and strains
- Tendonitis
- Carpal Tunnel and other repetitive stress injuries
- Post-cast healing
- Other selected soft tissue injuries
